<p style="text-align: center;">Standard HayBoss Feeder</p> 	<p>SKU: HFS7886/1 HFS7886/2</p> <p>Ship weight: 625lb</p> <p>Ship Dimension: 86x48x17</p> <p>Price: w/net 1- \$3700,\$3100usd w/net 2- \$3700,\$3100usd</p>	<p>The Standard HayBoss Feeder is designed to fit any size round bale or up to 16 small square bales. It is made from galvanized steel to ensure maximum durability. The high quality, thick nylon net is self tensioned by the spring loaded roller, always keeping the net taut no matter the amount of feed inside. This also enables the feeder to be put on a fence line to feed two paddocks at once. Please choose #1 Net (approx. 1 1/4" diamonds) or #2 Net (approx 1 5/8" diamonds) to go with your feeder. Rain, snow, mud, wind and waste are no longer an issue with HayBoss Feeders. For loading, simply unlatch the net handles and allow the net to roll up on the rollers, load bale on end, cut strings or wrap and stretch net around the bale and re-latch the handle. Assembled dimension: 95"x78"x84.5"</p>
<p style="text-align: center;">XL HayBoss Feeder</p> 	<p>SKU: HFX54102</p> <p>Ship weight: 600lb</p> <p>Ship Dimension: 24x54x78</p> <p>Price: \$3700, \$3100usd</p>	<p>The XL HayBoss Feeder is designed to accommodate one large rectangular bale up to 4'x4'x8' or can be loaded with as many as 20 small square bales. Height of floor can be adjusted to 16" or 27" from the ground. Made with galvanized metal for maximum durability. It is equipped with Net #1 (approx. 1 1/4" diamonds) attached to spring loaded rollers eliminating slack at all times. This also enables the feeder to be put on a fence line to feed two paddocks at once. Rain, snow, mud, wind and waste are no longer an issue with HayBoss Feeders. For loading, simply unlatch net handle and allow the nets to roll up on the rollers, load bale, cut strings or wrap and stretch net around bale and re-latch the handle. Assembled dimensions: 110"x54"x70" or 82"</p>

<p>JR HayBoss Feeder</p> 	<p>SKU: HFJ5451</p> <p>Ship weight: 375lb</p> <p>Ship Dimension: 20x78x54</p> <p>Price: \$3100, \$2600usd</p>	<p>Just like all other HayBoss Feeders, the Junior is made of galvanized steel for maximum durability. The height of floor can be adjusted to 16" or 27" from the ground. The Net # 1 (approx. 1 ¼" diamonds) is kept taut at all times with spring loaded rollers. This also enables the feeder to be put on a fence line to feed two paddocks at once. The Junior is designed to load up to 8 small square bales simply by unlatching the net handle, allowing the net to roll up on the spring loaded roller. Load bales, cut the strings and pull the net around the bales and re-latch the handle. Rain, snow, mud, wind and waste are no longer an issue with HayBoss Feeders. Assembled dimensions: 60"x54"x70" or 82"</p>
